

RIDEAU BOISERIE

design by Ferruccio Laviani

RIDEAU BOISERIE

design by Ferruccio Laviani

Rideau boiserie è un sistema di pannelli realizzati in legno curvato. La sinuosa scolpitura verticale crea un interessante gioco di luci e ombre. La particolarità costruttiva permette di poter rivestire pareti curve ad ampio raggio. Il sistema ha anche funzione di assorbimento del suono.

Come le altre proposte di boiserie di Emmemobili, anche questa è personalizzabile a progetto su specifiche esigenze del Cliente. Gli schemi tecnici allegati forniscono delle esemplificazioni su alcune modalità di utilizzo.

Rideau Boiserie is a system of panels made of bent wood. The constructive peculiarity allows to cover also curved wide-ranging walls. The system also has a sound absorption function. As the other wall-paneling systems of Emmemobili collection, Rideau Boiserie may also be personalised according to a particular project or to specific customer needs. The attached technical diagrams provide examples of some ways of use.

CURA E MANUTENZIONE DEL LEGNO

I legni utilizzati per i nostri prodotti sono di altissima qualità e lavorati con la massima maestria.

Le possibili differenze di tonalità o sfumature di colore sono da considerarsi caratteristiche naturali dei materiali e dimostrazione dell'artigianalità di lavorazione.

Per la pulizia quotidiana dei legni naturali, tinti e laccati, si consiglia di utilizzare un panno morbido o in microfibra, inumidito con acqua.

Non utilizzare prodotti spray, cere e prodotti che contengano alcool, solventi o abrasivi.

Pulire le macchie quando sono ancora fresche.

Tutti i prodotti sono realizzati nel rispetto dell'uomo e dell'ambiente.

CARE AND MAINTENANCE OF WOOD

The wood used for our products are of the highest quality and manufactured with the greatest craftsmanship.

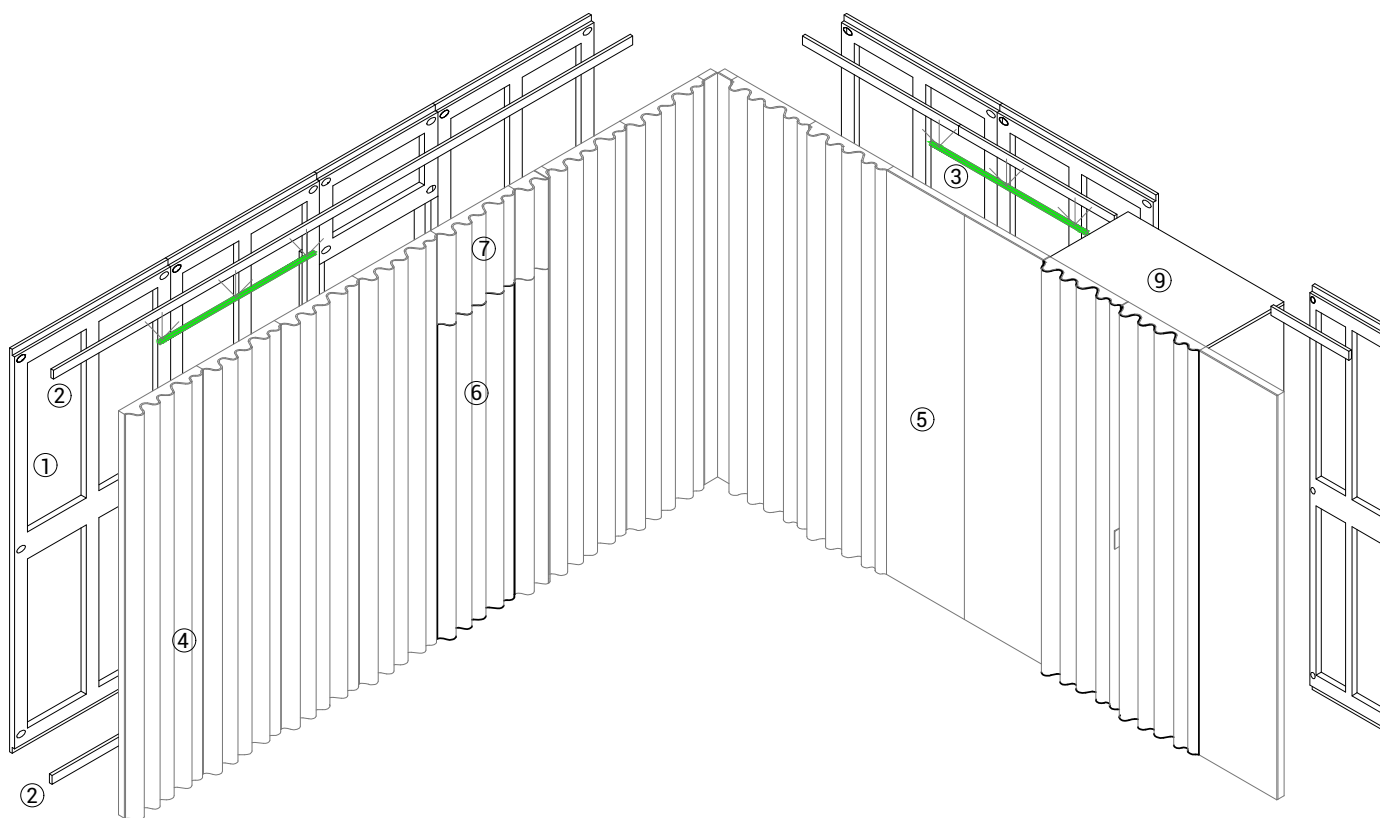

Possible differences in colour tonality or shades are due to the natural characteristics of the materials and are to be considered as proof of artisanal workmanship.

For routine cleaning of natural, stained or lacquered wood, we suggest to use a soft or a microfiber cloth, dampened with water.

Never use spray products, wax or any product containing alcohol, solvent or abrasive.

Clean stains while they are still fresh.

All products are made with respect for the mankind and the environment.
