

CRASH

design by Ferruccio Laviani

CRASH

design by Ferruccio Laviani

Crash è una famiglia di contenitori dal deciso tratto progettuale. Le ante diamantate rendono i pezzi caratterizzati e riconoscibili e la particolare apertura totale del fronte permette di avere una visione completa dell'interno.

Crash is a storage units collection featuring a firm design. Its diamond-shaped doors make the item clearly recognizable and the peculiar front opening allows to have a full view of the inside.

CURA E MANUTENZIONE DEL LEGNO

I legni utilizzati per i nostri prodotti sono di altissima qualità e lavorati con la massima maestria.

Le possibili differenze di tonalità o sfumature di colore sono da considerarsi caratteristiche naturali dei materiali e dimostrazione dell'artigianalità di lavorazione.

Per la pulizia quotidiana dei legni naturali, tinti e laccati, si consiglia di utilizzare un panno morbido o in microfibra, inumidito con acqua.

Non utilizzare prodotti spray, cere e prodotti che contengano alcool, solventi o abrasivi.

Pulire le macchie quando sono ancora fresche.

Tutti i prodotti sono realizzati nel rispetto dell'uomo e dell'ambiente.

CARE AND MAINTENANCE OF WOOD

The wood used for our products are of the highest quality and manufactured with the greatest craftsmanship. Possible differences in colour tonality or shades are due to the natural characteristics of the materials and are to be considered as proof of artisanal workmanship.

For routine cleaning of natural, stained or lacquered wood, we suggest to use a soft or a microfiber cloth, dampened with water.

Never use spray products, wax or any product containing alcohol, solvent or abrasive.

Clean stains while they are still fresh.

All products are made with respect for the mankind and the environment.
