

DRUSO

design by Ferruccio Laviani

DRUSO

design by Ferruccio Laviani

La forma accogliente e rassicurante di Druso è unica nel suo genere e nasconde, in ogni suo elemento, capacità e maestria che derivano da una grande sapienza legata all'alta ebanisteria.

Le ante sono infatti realizzate in legno multistrato curvato impiallacciato e sono progettate in maniera da sembrare un tutt'uno con il resto della struttura che compone il mobile

The warm and reassuring shape of Druso is one of a kind. Each element reveals ability and craftsmanship, derived from high-quality cabinet making. Indeed, doors are made of multilayer veneered bent wood, and are designed so as to seem a whole with the rest of the structure.

CURA E MANUTENZIONE DEL LEGNO

I legni utilizzati per i nostri prodotti sono di altissima qualità e lavorati con la massima maestria.

Le possibili differenze di tonalità o sfumature di colore sono da considerarsi caratteristiche naturali dei materiali e dimostrazione dell'artigianalità di lavorazione.

Per la pulizia quotidiana dei legni naturali, tinti e laccati, si consiglia di utilizzare un panno morbido o in microfibra, inumidito con acqua.

Non utilizzare prodotti spray, cere e prodotti che contengano alcool, solventi o abrasivi.

Pulire le macchie quando sono ancora fresche.

Tutti i prodotti sono realizzati nel rispetto dell'uomo e dell'ambiente.

CARE AND MAINTENANCE OF WOOD

The wood used for our products are of the highest quality and manufactured with the greatest craftsmanship.

Possible differences in colour tonality or shades are due to the natural characteristics of the materials and are to be considered as proof of artisanal workmanship.

For routine cleaning of natural, stained or lacquered wood, we suggest to use a soft or a microfiber cloth, dampened with water.

Never use spray products, wax or any product containing alcohol, solvent or abrasive.

Clean stains while they are still fresh.

All products are made with respect for the mankind and the environment.
